# GECC-Shanghai

---

Category: Educational institutions

Year: 2010

Type: New building

Brand: GARANT

---

Energy efficiency is making a career - now also in China.

---

## About the project

Sustainable building and living is becoming increasingly important in the Far East. This is demonstrated, for example, by the German Energy Center & College (GECC) in Shanghai, which was completed at the end of 2010. In addition to modern heating systems and innovative pumps, high-quality doors from GARANT Türen und Zargen GmbH are used.

## Interior doors

Interior doors are more than just passages: they emboss the atmosphere of a room. We offer you a complete range of interior doors and casings - made of wood, glass, steel, CPL, HPL and for a wide variety of styles.
