Two superlative twin buildings have been created in a predestined urban planning situation on the station forecourt in Bremen.

About the project

The "City-Gate" is a major 100 million euro project with - plane - two building sections that junction to form a coherent overall picture. The new building is home to offices, retail outlets and restaurants. In addition, two hotels offer city travelers comfortable accommodation for a time: one of them is the Aparthotel Adagio with 95 comfortable studios and 2-room apartments. PRÜM proved to be a competent partner with a combination of high-quality door systems and different HPL surfaces.

Products

Interior doors

Interior doors are more than just passages: they emboss the atmosphere of a room. We offer you a complete range of interior doors and casings - made of wood, glass, steel, CPL, HPL and for a wide variety of styles.

Functional doors

Functional doors must not only be technically and technically convincing: they must also integrate aesthetically into a room design. From fire, smoke, sound and burglary protection doors to damp-proof and climate-stable doors, we offer you doors that meet both requirements.

Digital locking systems

Digital locking systems are revolutionizing access to buildings and rooms. In private households or rental properties, they create a unique level of convenience; in commercial properties, they provide unprecedented real-time control.
