Year: 2020

Brand: LIGNIS

---

A total of 372 doors were delivered and installed on location as part of a prestigious renovation project for a building dating back to the year 1889. These included 149 custom-made doors that met the highest requirements in terms of functionality and aesthetics.

---

## Special features

Special features included acoustical double doors with a sound insulation value of  $R_w = 42$  dB and doors with elegant wood casings that fit perfectly with the historical character of the building. This project combined tradition and modernity in an impressive way.

## Functional doors

Functional doors must not only be technically and technically convincing: they must also integrate aesthetically into a room design. From fire, smoke, sound and burglary protection doors to damp-proof and climate-stable doors, we offer you doors that meet both requirements.
