The Flow Building Prag

Category: Office / Administration

Year: 2020

Brand: LIGNIS

A total of 226 doors were delivered and installed on location as part of this project. The majority of these were iron doors with a fire resistance function.

Special features

Special features included the supply of steel fire doors and doors with additional upper steel panels, which also met the fire protection requirements. This project combined security and durability in a sophisticated design.

Functional doors

Functional doors must not only be technically and technically convincing: they must also integrate aesthetically into a room design. From fire, smoke, sound and burglary protection doors to damp-proof and climate-stable doors, we offer you doors that meet both requirements.
