Neugraf Residenz Prag

Category: Residential construction

Year: 2022

Brand: LIGNIS

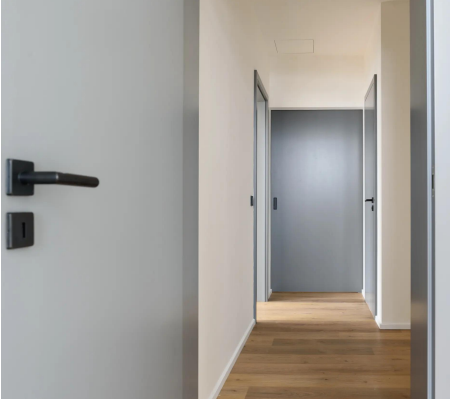

A total of 1008 doors were delivered and installed on location as part of a project for a high-quality residential building with 172 apartments.

About the project

Special features included high-quality entrance security doors with a sound insulation value of $R_w = 38$ dB as well as a variety of interior doors that met the highest quality standards. One highlight was the interior doors with high-gloss lacquered surfaces, which did justice to the exclusive ambience of the building. This project combined functionality, security and sophisticated design at the highest level.

Products

Functional doors

Functional doors must not only be technically and technically convincing: they must also integrate aesthetically into a room design. From fire, smoke, sound and burglary protection doors to damp-proof and climate-stable doors, we offer you doors that meet both requirements.

Interior doors

Interior doors are more than just passages: they emboss the atmosphere of a room. We offer you a complete range of interior doors and casings - made of wood, glass, steel, CPL, HPL and for a wide variety of styles.
